## On the Register Sales Screen...

Once all the inventory items have been scanned, or hot-button keyed in, etc.....

1. The Sale Total due will display on the screen in green (see lower right)

2. Cashier should announce to the customer, the total \$\$ amount of the sale.

(NOTE: The Display Pole will not show the Total \$\$ due, until you move to the tender screen. The Dual Monitor Display will show total due.)

## The Smart Coupon differs from a Generic Coupon because:

1. POS Smart coupons can be programmed to work only with Certain SKUs, or Departments, or Categories. See Coupon Manager to learn more! Call or email us for more details.
2. Smart POS Coupons report to a specific coupon category and will give you more sales info than generic coupons.
3. Smart POS Coupons can have a barcode or touch button.
4. Smart POS Coupons can be \$ off or % off.
